Version 4.0 6-PART  
May 15, 2013

CHIEF (CONT'D)

Pour through eye witness reports, physical proof and Biblical accounts.

To do this you will need access, so as of today you are promoted to the rank of Cadet, which will get you into the Vault, the Map Room and training grounds. Those of you who complete this week will become full fledged D3 Agents.

An elevator opens and two kids exit that are dressed in suits and carrying a silver suitcase. We see a clear plaque with the motto engraved on it.

CHIEF (V.O.)

Agency D3. An intelligence organization comprised of highly skilled operatives committed to **discovering, deciding** and **defending** the mysteries of God.

D3 Scientist points to screen with robot schematics.

CHIEF

We find ourselves most often at odds with a group of high tech villains called Karnivor. Your basic bad guy organization. They steal for money and because they don't mind hurting others.

An image of a large building with a K on it appears on the screen. We push into the building.

CHIEF (CONT'D)

This is Karnivor secret robot factory. They're planning something huge. Intel points to a computer virus, but we have no idea the target. Something that would be profitable and mean. I'm sending in Jack.

4

**INT. KARNIVOR HALLWAY**

4

JACK, a young man wearing a helmet, and rocket pack and jacket, walks the hallways, sneaking past Robots. He's bold and brave, like a modern knight.

CHIEF (V.O.)

Rocket Pack Jack, the top D3 Field Agent.

(MORE)

CHIEF (V.O.) (CONT'D)  
 When you want the best, you send  
 him. His identity is classified. No  
 one, but no one see's his face.

5           **INT. AGENCY D3 COMMAND CENTER - MOMENTS LATER**           5

A group of people sit at desks watching monitors of Jack's mission.

CHIEF  
 Here we go people. Stay sharp.

6           **INT. KARNIVOR COMPUTER ROOM**           6

Jack is at a computer terminal. He inserts a RED DISK usb key and speaks to the COMPUTER on his arm gauntlet. It's a has a dry sense of humor for a computer, think Chris Tucker.

JACK  
 Computer, see if you can decode the  
 log in.

LARRY THE COMPUTER  
 Computer is sort-of an impersonal  
 name, don't you think? Call me  
 Globotron! Or Larry. Call me Larry.

JACK  
Larry, get busy.

LARRY THE COMPUTER  
 You got it Jack. I'm gonna get  
 busy. Busy like a Bee. Busy like a  
 code cracking, Bee. Busy like a  
 unstoppable, code cracking...

JACK  
 (interupts)  
 Larry, Larry... You're awesome.

LARRY THE COMPUTER  
 Wait is this your way of telling me  
 to stop yapping and start working?  
 Cause if it is, boom!

The computer display changes.

COMPUTER  
 Access Granted.

7           **INT. AGENCY D3 COMMAND CENTER**

7

The room is on edge. A support operative, ALEX, 12 sits at his terminal, fingers on keys. He leans over to the Agent next to him.

ALEX  
           (jealous)  
 Why does Jack get all the best  
 missions?

A pretty young girl, 14, named Sam (short for Samantha) who is an officer over-hears Alex.

SAM  
 Besides the fact that he's brave  
 and bold and honorable, and he puts  
 the needs of others before himself?

Alex speaks to person next to him again.

ALEX  
 Someone's got a crush.

Sam hears that and doesn't like it, but doesn't say anything. The sound of laser fire is heard over the loud-speaker.

JACK (RADIO)  
 Chief I've got it! I've got the  
 source code...

8           **INT. KARNIVOR HALLWAY**

8

Jack is running through dark hallways.

JACK  
 ...You were right to send me in.  
 This is bad.

Robots are giving chase. He runs up a stairwell and out through a door. Alarms are blaring. Robot are jumping at him and Jack is dealing with them.

9           **EXT. KARNIVOR ROOFTOP**

9

A door flies and out comes Jack. He takes down a robot and ignites his rocket pack launching into the sky. He flies toward camera.

JACK  
 Woo Hoooo!

TITLE SEQUENCE: AGENCY D3

MOTHER (CONT'D)

When someone in authority tells you something, you need to do as told. And you are going to write Mrs. Felini an apology letter for hitting her with a water balloons. Honestly I am so embarrassed. You are not leaving your bedroom for a week!

Truett sits in the back with the window rolled down. He has a bag of water balloons. As his mother goes off, Truett notices a boy on the sidewalk, CARL 13, a little awkward. Truett let's fly a water balloon and it hit's Carl right in the face. [NOTE: This action is going to affect Truett later. It also set's up Carl & Truett Relationship.]

11 **EXT. STREET**

11

Carl is soaked.

CARL

Truett!

**INT. CAR**

His mother missed this whole thing.

MOTHER

One of these days you're not going to listen and it's going to get you in serious trouble.

16 **EXT. SKY**

16

Jack is flying twists and turns, dodging in and out of blast.

JACK

Larry, give me the location of the closest D3 Operative.

LARRY THE COMPUTER

Oh I hope you're not going to drop in unannounced.

On Jacks heads-up-display a photo of 13 year old "Carl Jenkins" along with address and directions. The word Cadette is seen.

JACK

Connect me to...

But Jack doesn't get to finish his sentence as his jet pack is blasted. He goes into a free fall.

17 **INT. AGENCY D3 COMMAND CENTER**

17

Alex scans the area through his computer, looking for clues for Jack's whereabouts. A reading of R. P. Fuel is detected which means only one thing...

ALEX

He's hit! Jack is going down.

Camera push on Chief. Sam looks worried.

**EXT. SKY**

Jack is tumbling!

JACK

Larry, stand by for emergency landing. Engage Gravity Reduction.

LARRY THE COMPUTER

Sure and while I'm at it, why don't we engage the magic carpet.

Jack continues to fall trailing smoke.

19 **EXT. TRUETT'S HOUSE.**

19

Truett sneaks outside his house now wearing a hat he tries to hide behind and carrying the bag of water balloons. He starts to move when he looks up and see's the smoke trail of Jack descending.

20 **EXT. SKY**

20

Jack's still falling through the sky.

JACK

Stand by the emergency thrusters.

He works to steady himself as he approaches the ground.

JACK (CONT'D)

Engage.

The thrust slows his fall enough. He crashes on top a parking garage.

Truett is shocked to see flying robots. The wind blows his hat off.

The robots land in front of and behind Jack. They have mirror faces. On the mirror face of one robot, the words "Incoming Transmission" scroll across it. A video screen flickers on the robot face, with the image of our villain, broadcasting from Karnivor Headquarters. He's in his 40s.

MINEFIELD (RADIO)

Jack, you look hurt. I think you might have broken your rocket pack.

23 **INT. BRIEFING ROOM.**

23

Chief lays down a surveillance photo of Minefield.

CHIEF

This man calls himself, "Minefield"  
He's a top operative for Karnivor.  
He's dangerous, ruthless... and  
silly.

24 **EXT. PARKING GARAGE ROOFTOP**

24

The robot has one Canon arm pointed at Jack.

MINEFIELD

What do you think Jack? Pretty nice  
eh? Theses are my new Tracker  
Robots. I made them just for you. I  
call them my Jacker- Trackers. Oh!  
Watch what I can do with them.

Music starts and one of the robots does a robotic dance.

LARRY THE COMPUTER

(sarcasms)

Wow, Impressive.

MINEFIELD

Cool, right? Now hands in the air.

The robot points the Canon arm back at Jack.

Jack blast electricity at the first robot which powers it down. The second blast at Jack who dodges. The screen comes on the second robot.

MINEFIELD (CONT'D)

Jack! That robot was brand new...

Jack blast the second one and is on the move coming towards Truett. Truett is a bit surprised.

TRUETT  
What are you?

JACK  
This way!

Truett follows Jack.

28

**INT. PARKING GARAGE (2ND LEVEL)**

28

JACK moves down the stairs quickly followed by TRUETT. Jack is thinking, maybe nervous, while Truett is fascinated.

TRUETT  
So you're like a secret agent, jet  
pack guy?

Jack has removed his helmet and shakes Truett's hand.

JACK  
I'm Jack.

TRUETT  
Truett!

JACK  
Truett we've got maybe two minutes  
before more, meaner robots get  
here.

TRUETT  
Awesome!

JACK  
Not as much as you'd think. Truett,  
do you know a kid named Carl, lives  
near here?

TRUETT  
Carl "Chowder Muffin Head" Carl.

JACK  
(corrects him)  
Carl "Defender of the Faith" Carl.

Truett is surprised.

JACK (CONT'D)  
He's an associate I need his help.

TRUETT

I don't think we're talking about  
the same kid.

JACK

Truett, do you know who Jesus is?

Truett is surprised by the random nature of the question.

TRUETT

(unsure)

Uh, the guy who invented Christmas?

JACK

Jesus healed the sick, the blind,  
the crippled he made walk, he  
raised the dead and when he taught  
he changed the whole world forever.

TRUETT

I don't go to church much.

JACK

That's too bad.

Jack then pulls up the disk.

JACK (CONT'D)

The information on this disk will  
aide us to keep teaching the world  
like Jesus did. Do you understand?

TRUETT

Yeah, it's important.

JACK

It's very important. I need you to  
take this to Carl. He's a Cadet  
with D3 and will know what to do  
with it. Can you do that?

TRUETT

Sure.

The robots are whirling, making progress booting up. Truett  
puts the red disk in his hand.

JACK

What are you going to do with this  
disk?

TRUETT

Give it Carl.

JACK

Right on. God speed Truett!

Truett looks at Jack, you can almost hear him thinking "Is this really happening?" Larry breaks the spell.

LARRY THE COMPUTER

Get going kid!

Truett kicks the robot then turns and runs. Jack watches him leave.

LARRY THE COMPUTER (CONT'D)

Uh, us too Jack!

Jack also kicks the robot then moves in the other direction as the robot finishes booting up.

29 **EXT. PARKING GARAGE**

29

Truett runs across the street.

CHIEF (V.O.)

It's easy to miss who Jesus was,  
many people do. They think of him  
as the person who invented  
Christmas, or a good teacher, but  
when you examine the evidence,  
you'll see what He did, no mere man  
could have done.

30 **EXT. CITY**

30

Helicopter flies over the city.

31 **INT. HELICOPTER**

31

Sam is searching the city for Jack. She see's the robots on top of the PARKING GARAGE that Jack has shut down. She calls it in.

SAM

Chief, it's Sam. I've got something!

**EPISODE THREE**32 **EXT. STREET**

32

Truett is running down the side walk when his mother's car pulls up next to him. She doesn't look very happy.

MOTHER

Truett! Truett! You get in this car young man, right now!

Truett comes to a halt, shocked his mother found him.

TRUETT

I can't!

MOTHER

Truett, you're grounded, You're double grounded!

TRUETT

Mom, I'm on a mission for God.

As she says this, Truett see's Jack run across the street pursued by the Warbot.

Truett gets in the car. He looks out the window as they drive off.

33 **EXT. CITY**

33

A helicopter flies over the city.

34 **EXT. PARKING GARAGE ROOFTOP**

34

The helicopter lands on the Garage rooftop. Out steps Sam and one other D3 agent.

CHIEF (V.O.)

The Bible tells us, God almighty, came to earth as a baby and grew to be a man. He loved us so much that He died in our place.

Sam looks at streak marks where Jack crash landed.

CHIEF (V.O.)

We look for evidence that he was here.

Sam talks to an OLDER WOMAN who, with her arms, depicts Jack crashing.

CHIEF (V.O.)

We listen to the testimony's of those that saw it happen. That we can believe with confidence.

[NOTE: Introduction to topic, Was Jesus Death Real? There's a parallel here to looking for someone and finding evidence.]

Sam communicates with The Chief.

SAM

Jack was here.

35

**INT. TRUETT'S HOUSE.**

35

Mom is talking to Truett. He is holding the red disk and watching out the windows.

MOTHER

So right after I grounded you, for throwing water balloons at people, you hit Carl with another water balloon, *while I'm driving you*. That about sum it up?

TRUETT

Mom I have something VERY important I'm supposed to be doing.

MOTHER

Yes you do Truett, you're supposed to be listening to your mother. Now, right now I need you to show me that you can do that.

TRUETT

But I have a mission!

She gives him the Mom look. He shrinks.

TRUETT (CONT'D)

Ok.

MOTHER

First, you're going to walk over to Carl's house and will apologize. Then come right back here and we are going to talk about your punishments.

Truett tries to hide a smile.

TRUETT  
Absolutely Mom.

36 **EXT. CARL'S HOUSE**

36

A rock hits Carl's bedroom window. Truett is throwing them urgently!

TRUETT  
Carl! Open up!

From the window we hear Carl.

CARL  
What do you want!

TRUETT  
Come here, I've got something for you!

CARL  
I bet you do! Forget it!

He shuts the window.

TRUETT  
Dude!

36A **EXT. CARL'S HOUSE - ACROSS THE STREET**

36A

A Robot watches Truett at Carl's House. Graphics on his screen say "surveillance"

36B **EXT. CARL'S HOUSE**

36B

He throws another rock or two at the window. Carl opens the window again.

CARL  
Go Away.

TRUETT  
Listen Carl, I...

Truett moves back to see him. Carl dumps a bucket of water on him.

CARL  
Ha! Serves you right!

TRUETT  
 Dude! I was sent here by Jack.  
 (beat)  
 From D3.

CARL  
 What?! (Beat) Hang on!

Carl disappears and Truett goes to the door waiting for it to open. Truett drops through a trap door on the porch.

37

**INT. CARL'S BASEMENT**

37

Truett, wet, drops into a weird PVC pipe prison that Carl has set up in his basement along with some computer gear. It's not so sophisticated.

CARL  
 (Aggressive)  
 Ok, start talking, who do you work for?

TRUETT  
 You have a trapdoor!?

CARL  
 You're with Karnivor aren't you. I should have known. I'm calling it in.

TRUETT  
 No wait, wait! I'm with Jack! Jack sent me! Guy with his jet-pack!

Carl is suspicious.

CARL  
You were sent by Rocket Pack Jack.

TRUETT  
 Yes!

CARL  
 (doubtful)  
 The greatest D3 Agent of all time.

TRUETT  
 He crashed and needs our help. He's in trouble.

Carl starts thinking.

42      **INT. AGENCY D3 COMMAND CENTER**

42

Chief looks at computers.

ALEX

Sir, we've got another problem.  
It's the Bible.

CHIEF

What?

Alex pulls up an actual Bible.

ALEX

Look at this, "But after I have  
been resurrected, I will go ahead  
of you to Galilee."

CHIEF

I'm familiar with the book of Mark,  
Agent.

[NOTE: These are verses for this session]

ALEX

Yes sir, but online it's wrong. It  
says, "But after I have been  
rested, I will go ahead of you to  
Galilee." Someone changed it.

You can see the gears in Chiefs head spinning.

CHIEF

It's the Karnivor virus. This was  
what Jack was talking about. Notify  
the field office. We need that  
source code. We need to find Jack.

39      **INT. CARL'S BASEMENT**

39

Carl is thinking.

CARL

What exactly did he say?

TRUETT

He said, "Go get Carl, Defender of  
Bible... Stuff. I need him!"

Carl is surprised. He's thinking and smiles.

CARL

Jack knows my name.

TRUETT  
Then he put on his helmet and  
fought some robots.

CARL  
(disbelieves)  
You saw Jack without his helmet!

TRUETT  
(what's the big deal?)  
Yeah.

Carl is in awe. Truett pulls out the red disk.

CARL  
He must need me to crack a code or  
go over some evidence. Ok, where is  
he?

TRUETT  
Let me out and I'll show you!

CARL  
No way. For all I know your a  
Karnivor operative and this is a  
trap.

TRUETT  
Dude, Jack's in trouble. He's being  
chased by evil robots!

CARL  
Just what a Karnivor Agent would  
say.

40      **INT. SEWER TUNNEL**

40

Jack is hiding and looks nervous. He seems to be programing  
some small device. The Warbot is scanning the area.

41      **INT. CARL'S BASEMENT**

41

TRUETT  
Carl he needs us!

Carl is thinking.

CARL  
Ok, but you have to put these on.

Carl pulls out handcuffs. They're plastic. Truett thinks this  
is ridiculous.

43

**INT. CARL'S HOUSE**

43

Truett holds the disk Jack gave him. He leers at Carl then puts the disk back in his pocket and puts on the handcuffs. Carl unlocks the door. Truett and Carl leave his house.

CHIEF (V.O.)

The Death of Christ. Some might not  
like what it says, what it means.  
They might try to twist or change  
it. The grass withers, the flowers  
fade, but the word of our God  
remains forever.

End Episode Three.

**EPISODE FOUR**

44           **INT. AGENCY D3 COMMAND CENTER**

44

The center now has Bibles laying out everywhere. The Chief is reading from the bible.

CHIEF

On the first day of the week, very early in the morning, they came to the tomb, bringing the spices they had prepared. They found the stone rolled away from the tomb.

He looks to Alex.

ALEX

It's different. "They found the sandwich rolled away from the tomato."

CHIEF

The virus is spreading.

45           **EXT. SIDEWALK**

45

Two boys on bikes look on. They stare like they're watching a car wreck. In front of them, Truett walks in plastic handcuffs followed by CARL. Truett notices they are watching and is embarrassed. He tries to fix it and maybe overcompensates.

TRUETT

What a fun game we are playing!  
(fake laughs)  
This is fun!

The boys on bikes just keep staring at them.

46           **INT. SEWER TUNNEL**

46

Truett in handcuffs and Carl behind climb into a underground tunnel. Carl holds a lamp.

CARL

You're sure Jack came this way?

TRUETT

Yeah.

The boys walk a little further.

TRUETT (CONT'D)

Listen Carl, I need a laser blaster. We're probably going to run into some robots.

CARL

Well bad news.

TRUETT

You don't trust me.

CARL

I don't. Also I don't have one.

Truett stops. This might be a deal breaker.

TRUETT

You don't have a laser blaster?

CARL

I have a laser pointer.

He pulls shines a laser pointer on Truett. Truett takes it from him.

TRUETT

What kind of secret agent are you!

CARL

I don't need that stuff, I've got my wits.

Carl then trips on a tin can, making a lot of noise. He jumps up really quick trying to look cool still.

TRUETT

Why don't you go back and I'll find Jack myself.

He breaks his plastic handcuffs and gets in his pocket pulling out the red disk.

TRUETT (CONT'D)

Here he wanted you to do something with this. It's for God.

He tosses the red disk to Carl. Carl studies it, realizing it's importance!

From a distance down the tunnel, something watches with digital readouts. It scans the disk.

Carl is livid.

CARL  
 Why didn't you give this to me in  
 the first place?!

TRUETT  
 (confident)  
 I think it's a little more  
 important that we find Jack.

CARL  
 You have no idea what you've done!  
 You could have ruined everything!

TRUETT  
 It's obvious what's going on. Just  
 admit it, you're scared to be down  
 here.

Carl suddenly does look scared.

TRUETT (CONT'D)  
 Look at you, you look terrified.

CARL  
 (whispers)  
 Run.

TRUETT  
 What?

CARL  
 RUN!

At this moment, a robot comes into the tunnel. Light and wind  
 hit the boys. Carl and Truett Yell!

CARL (CONT'D)  
 Yahhhhhhh!

TRUETT  
 Yahhhhhhh!

Carl grabs Truett and the boys run but knock into a second  
 Robot. A force pulls the red disk out of Carl's hand and to  
 the Robot. A Robot holds the boys. Truett attempts shinning  
 the laser pointer on it. A familiar voice transmits from the  
 robot.

MINEFIELD (RADIO)  
 Jaa-ck, I know you're down here.  
 Surrender now, if you want to  
 protect these civilians.  
 (beat)  
 You've involved them Jack, you  
 going to leave them to fend for  
 themselves against my robots?

Jack pops up from his hiding place.

JACK  
Let em' go, Mindfield!

The Robot turns as Jack sticks it with a small METAL BOLT.  
The Robot grabs Jack's shoulders. He is caught.

MINEFIELD  
There you are. At long last. I'm so  
going to enjoy this!

Minefield's laughter echoes through the tunnel.

47 **INT. SEWER TUNNEL - MOMENTS LATER**

47

Sam with two other Agents walks into the tunnel like they  
knew they had just missed something.

Sam is disappointed until she picks up Jack's hidden arm  
Gauntlet.

LARRY THE COMPUTER  
(coughs)  
Oh Thank you Sam, I can hardly  
breath down here. Ok here's the  
plan...

48 **INT. KARNIVOR HOLDING AREA**

48

Jack, Carl and Truett are all tied up, dirty and sweaty.  
Minefield enters the holding cell.

MINEFIELD  
You can't know the hours I've spent  
wondering who was under the mask,  
Jack. The son of a President? A  
movie star? A once famous country-  
western singer? I mean, why go  
through the trouble of protecting  
one person's identity but not the  
rest unless there was a reason?

Minefield removes Jack's mask and is surprised though we  
don't know why yet. Carl won't look at Jack, like it would be  
wrong to see his face.

MINEFIELD (CONT'D)  
(Utterly Shocked)  
YOU!  
(Playing catch up)  
Of course. Everything makes sense.

Minefield just looks at Jack. Carl sneaks a look.

JACK

I'm what you want. Let the  
civilians go.

Minefield comes to his senses.

MINEFIELD

So "**Jack**" you tried to ruin my  
plan, but the Babylon virus is up  
and running. It can find and alter  
any online document. Court records,  
law papers, needful evidence.

JACK

Online files.

MINEFIELD

Look around you Jack! The whole  
world's online. Who opens a book  
anymore?

CARL

You're not going to get away with  
this Minefield!

MINEFIELD

What better document to start with  
than **Jack's** favorite. Let's see,  
(pulls up tablet)  
"Thou shalt not Steal."  
(not happy)  
But with the virus... "Thou shalt  
steal often." Isn't that better.

CARL

You won't get away with this!

Minefield looks at Carl for the first time.

MINEFIELD

You've said that already, but I  
already have, thanks to my new best  
friend. (Infers Truett) You remind  
me of a younger me.

Truett doesn't like the sound of that. Jack however is  
patient.

JACK

It's not too late for you  
Minefield. No matter what you've  
done. God can forgive you.

Minefield looks like he's really listening to Jack. Considering. But then...

MINEFIELD

You and I are going to have a lot of fun together. Ok I go.

(leaves then turns)

Say, how attached are you to the constitution?

Minefield walks out.

CARL

Jack, I'm sorry I didn't know.

JACK

It's OK Carl.

CARL

Also it's very awesome to meet you.

JACK

Likewise.

CARL

I'm sorry I saw your face.

JACK

It's fine Carl.

CARL

(to Truett)

You, I should have left at my house!

TRUETT

Jack needed our help!

CARL

You're help, just forced the greatest secret agent in the world to give himself up.

TRUETT

(huffs)

Whatever!

Awkward silence then...

JACK

Truett,

Truett looks at Jack for the first time.

JACK (CONT'D)

I have made the same mistake, more times than I can count.

Truett is surprised.

CHIEF (V.O.)

We look for proof that Jesus is alive. An empty tomb and an Angel revealed it to Marry and Martha. Jesus himself walked, talked and ate with over 500 people. And today never is there more living proof than when we trust Jesus to save us from our sin. Love our enemies, forgive our friends, and consider it a great joy to suffer, knowing that the testing of your faith produces endurance

Truett is thinking. The weight of his actions is sinking in.

End Episode Four.

[NOTE: The last lines reference the proof given and then the living proof that we are as believers.]

**EPISODE FIVE**49 **INT. WHITE WALL**

49

Rocket Pack Jack in helmet stands looking at the Camera.

[Note: this introduces Session 5 topics]

JACK

Greetings Cadets. Welcome to your final day of training. The Chief asked me to say a few words to all of you. First I'm glad you've made it this far, it's easy to give up but sticking around, that shows fortitude. You've learned this week that Jesus was more than a good man, but the very Son of God. That he died on a cross and rose again to life. Today you'll be looking at what to do with the evidence you've learned. Being a believer in Jesus, every morning I ask God to be part of my life, it's changed who I am. Romans 10:9 says...

We pull back and realize that Sam is watching this recording on a monitor in the command center.

ALEX

Sam, everything is set.

She stands up.

SAM

Let's do it.

50 **INT. KARNIVOR HOLDING AREA**

50

The guys are still tied up. Jack is working on his ropes, Carl is bored and Truett seems deep in thought. Something is bothering him.

TRUETT

Jack is it true what you said?  
(looks up)  
All the bad things I've done, God can forgive?

JACK

Yeah man Truett, can He ever.

Truett's a little disappoint. Takes a breath. He's about to confess.

TRUETT

I disobey my mom, I lie, I'm selfish, mean to people, like Carl. If we get out of here, I don't want to be like that anymore. I want to be Truett, servant of Bible Stuff.

Jack unravels his ropes, he walks over to Truett and knells next to him. Carl is surprised.

TRUETT (CONT'D)

You're free?

Jack starts unraveling Truett's ropes. He bends down with Truett and the two of them talk and pray. We don't hear what is said, instead we hear...

CHIEF (V.O.)

If you confess with your mouth, "Jesus is Lord," and believe in your heart that God raised Him from the dead, you will be saved.

51

**INT. WHITE WALL**

51

We return to the white limbo but now Jack has his helmet off.

JACK

Jesus has rescued us from our sin. You need only Admit that you, like me, are a sinner, Believe Jesus is God's Son and trust Him to be in Charge of your life. If you do this, your life will not be the same.

Jack Smiles.

52

**INT. KARNIVOR HOLDING AREA**

52

Truett and Jack finish praying.

TRUETT

Jack I'm sorry I didn't do what you asked.

JACK

I forgive you, but don't do it again. People depend on you to be a man of your word.

Banging noise happens outside the door. Sounds of iron bending. Compressors overheating. The door begins to be forced open. A Warbot forces the door apart, but this one has some paint on it's face that separates it from the others. It also has Jack's magnet he put on it earlier. Behind the Warbot is Sam wearing a Rocket-Pack and carrying a black Bow. Two D3 Agents are with her.

JACK (CONT'D)

Sam?

SAM

Jack!

They smile.

CARL

You re-programed a Karnobot?

SAM

Jack did, he used Karnivor's virus against their own robots. Max brought us in through the back door.

JACK

Max?

Two other robots move to attack. MAX the robot shoots a sonic wave that shuts them down.

AGENT #1

We don't have all day!

They funnel out of the Holding areas.

53

**INT. KARNIVOR TUNNELS**

53

An alarm sounds as JACK, Sam, Agent #1 and Robot Max fight their way through the tunnels. They come near to the exit of a tunnel.

They reach the exit of the tunnel and hear an rumble/explosion. Jack stops, something occurs to him.

JACK

Sam, we need the Source Code to stop the virus. I'm going back for it.

SAM

There's a small army after us!

JACK

I can't leave without it.

SAM

Jack that's impossible even for you.

Jack knows that's true, but he has a mission to complete.

JACK

Into the Lions Den.

(beat)

What is impossible with men is possible with God.

She's sad but knows she can't change his mind. She pulls off her Rocket Pack and hands it to Jack.

SAM

You're gonna need this.

She gives him a quick hug and moves away.

JACK

Truett, when you meet the Chief tell him, "If God is for us, who can be against us.

Sam is surprised, it means something.

TRUETT

(unsure)

Ok.

Another rumble/explosion goes off.

JACK

Alright I'll see you on the other side.

He turns and runs. Sam watches Jack disappear into the darkness, hearing the sounds of the jet pack firing up.

CARL

Hey Truett, don't try anything funny. I've got my eye on you.

TRUETT  
Dude, I'm on your side.

CARL  
Just what a Karnivor Agent would  
say.

Carl eye's him.

54

**INT. KARNIVOR TUNNELS - MOMENTS LATER**

54

Jack is flying through the tunnel, no mask, wind in his hair.

JACK  
Woo Hoo!

## EPISODE SIX

55 INT. KARNIVOR COMMAND POST

55

Minefield is standing in some command room with big monitors looking into the screen. There are some robots standing around the room.

MINEFIELD

(Announcement)

I want everyone searching for them!  
Don't let them get away.

(looks at nearby robots)

You too! They're not coming here  
they're getting away. Find them!

The robots exit the room.

MINEFIELD (CONT'D)

(mumbles)

I'll turn you into popcorn  
dispensers with butter or chocolate  
chips. That's not bad actually.

Behind Minefield we see a person hovering. He suddenly becomes aware of it. He turns around to see Jack floating (no helmet) in mid air across the room.

MINEFIELD (CONT'D)

Jack? Looking for something.

He holds up the red disk.

JACK

(that answers that)

Not anymore.

MINEFIELD

If you want it come and...

Jack flies Superman fast and grabs the disk.

JACK

Thanks.

Minefield is a little insulted and flabbergasted.

MINEFIELD

It doesn't matter. You'll never be  
able to...

Jack sends a soft light to Minefield and he is instantly in a deep asleep. Snoring.

56 INT. KARNIVOR COMMAND POST - MOMENTS LATER

56

Minefield wakes to see Jack now typing on the Karnivor computer console.

MINEFIELD  
(surprised)  
Did I doze off?

JACK  
That ray we call "the nap".

MINEFIELD  
Did you just upload the Source Code to D3 using my computer?

JACK  
It's over Minefield. You're coming with me.

Minefield looks more menacing than we've seen him before.

MINEFIELD  
You know, it's not for no reason I'm called Minefield. Well at first it was, but then I was like there really should be a good reason for this.

Minefield pushes a button and a hundred little cylinders with red blinking lights fly around Jack. Minefield smiles. Jack is caught.

57 INT. AGENCY D3 COMMAND CENTER

57

The Chief moves in making an announcement. A large crowd of people are listening.

CHIEF  
At 1900 hours agent Rocket Pack Jack successfully retrieved the source code to the virus. Agent Alex successfully removed the virus from all online material, including the Bible.

Cheers and applause and Alex smiles as people nearby congratulate him.

CHIEF (CONT'D)  
Jack has yet to return from Karnivores Headquarters and it is believed he has been... captured.

The crowd gasps.

CHIEF (CONT'D)

We will not rest until we have found him. Jack is a follower of Jesus. He examined the evidence, and he knew what to do with it.

Flashback to Jack talking with Truett.

CHIEF (CONT'D)

It wasn't ignore it or use it when it was convenient. It was to live it. To love God and show love to your enemies,

We flashback to when Jack talking to Minefield, telling him it's not too late.

CHIEF (CONT'D)

To share his faith and give forgiveness freely.

Flashback to Jack removing the ropes around Truett.

CHIEF (CONT'D)

When we live like Christ asks us to, we can change the world one life at a time. Stand true Jack. We're coming to get you.

GRAPHIC: TO BE CONTINUED!

[Note: This gives thoughts on What Do I Do with the Evidence about Jesus]

EPILOGUE

58

**INT. TRUETT'S HOUSE.**

58

Truett comes into his living room, He's wearing rubber gloves and carrying a bucket. He's been working. His mother sits in a chair reading a magazine.

MOTHER

If you've finished cleaning the garage, I've got several more chores for you to do.

TRUETT

Yes ma'am. But I have something to say.

MOTHER

Ok.

TRUETT

I've not been... I'm not... I'm sorry. Really sorry. And I'm going to do better.

MOTHER

(surprised)

Oh, good... Thank you Truett.

TRUETT

Cool... and I wanna go to church.

He smiles and walks out.

MOTHER

Ok.

The doorbell rings.

59

**INT. TRUETT'S FRONT DOOR.**

59

An Abe's Honest Pizza Palace Delivery boy stands at the door.

TRUETT

We didn't order pizza.

The pizza man hands him the three boxes. Truett takes them and they're very heavy. He realizes these aren't actually pizzas.

The End.

[NOTE: The Ending of the story/solving of the problem is the stopping the Karnivor Virus that destroys evidence. Leaving Jack captured and Truett receiving a package is the start of another chapter, but shouldn't be considered a non-pay off. This technique has a long history in cinema, like the ending to "The Incredibles" where the Mole Men appear. Or in "Back the The Future" where Doc shows up for the next adventure. They do also give teachable moments. For Jack, he sacrificed something to help Agency D3. For Truett he made changes and it led him toward a larger world.]
